

Here are few guidelines to be followed by the students:

1. Student should know their batch code & enrollment no. which will facilitate them to know their time table. Current week & next week time table is put on the notice board which every student should note before going home.

E.g.

BATCH→ DAY ↓	VI BULOY56A01	VII BUUTY57A01
Monday 13-Jun-15		
Tuesday 14-Jun-15		
Wednesday 15-Jun-15		
Thursday 16-Jun-15		
Friday 17-Jun-15		MAN 05:30 – 06:30 PJK 06:35 – 07:30 CMG 07:40 – 08:40 Room-xxx
Saturday 18-Jun-15		
Sunday 19-Jun-15	MAN 05:30 – 06:30 PJK 06:35 – 07:30 CMG 07:40 – 08:40 Room-xxx	CMG 05:30 – 06:30 PRN 06:35 – 07:30 MGS 07:40 – 08:40 Room-xxx

The above table means, 6th Class will have class on Sunday and 7th Class on Friday & Sunday. Faculty code & time are also mentioned in this time table. First letter of the faculty code indicates subject. Second & third letter are the initials of the faculty. Student has to see the room no. on the Time Table.

If there is any change in the timings/day of classes, then it will be informed to the Student. **Calls regarding time table queries will not be entertained as it may lead to miscommunication and a loss for the student.** One may even refer to www.fitjeebhubaneswar.com .

2. Students should give their parent's updated phone number and e-mail ID to the Academic Operations Deptt. in case of any change in their previous number, so as not to miss not on any communication.
3. Each academic year is divided into 4 phases. Study material will be provided on the commencement of the Phase. After completion of each phase, phase test is conducted, which is mandatory. Phase test result normally comes within 15 days of the test. Result will be put on the notice board & will be emailed to the parents.

Need:

With the recent alterations done in the pattern of JEE conduction and selection process, a need has emerged of creating a significant and flexible assessment system to ensure that all the JEE aspirants are geared up to take on any of the imminent changes which will or may happen in the paper pattern or syllabus. Moreover, it becomes imperative to prepare our students for all the odds and make them perform under any adverse situation that may arise on the D day. Therefore in answer to the concern, **FIITJEE** has planned to conduct the National level exam starting from class IX segment to class XII.
